

Peer Leader Petition

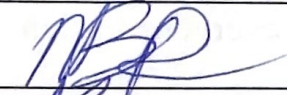

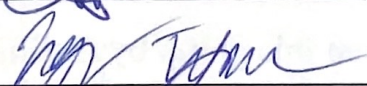

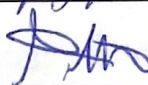

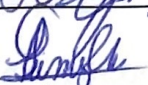

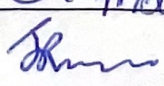

ATTENTION!

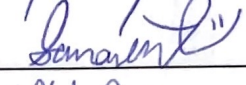

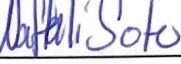

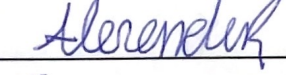

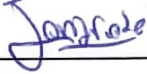

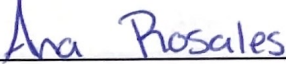

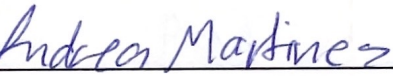

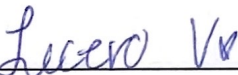

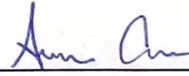

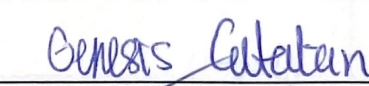

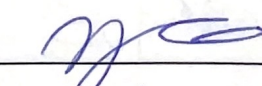

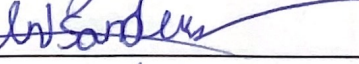

Due to the recent news of Peer Leaders being removed as a class/program we want to gather as many signatures as possible, to fight back and keep our class. We ask for everyone to sign to support us to save Peer Leaders.

Why is Peer Leaders important?

Peer Leaders oversee a wide range of activities that benefit the school. These include supporting school-wide events, promoting the school on social media, helping students with their assignments, encouraging students, and more. Students benefit from this group by feeling safe as well as comfortable within the walls of the school. Being a Peer Leader is more than just joining a group; it's a means of expressing yourself and supporting those around you. The class is also ideal for a resume or application which is essential to build during your high school years. For many kids, who believe that this school should be a place where they can be excited to learn knowing that there are others in their corner for support, we as a group strongly encourage this class/program to continue for years to come.
